Director's Closing Thoughts

There are simply not enough words to express my gratitude to Everyone that has been a part of this production. It has been Such a delightful journey. It has been a Joy to watch these young people develop their characters and confidence. For some, it is their First experience on stage!! For others it is the first time they have performed on a "Big" stage. They have done a Fabulous job and I am beyond proud of them. To my "support team" which consists of friends of Many years and some of a few months, THANK YOU. This would not have happened without you. From your words of encouragement to your endless hours behind the scenes preparing snacks, selling tickets and ads, working on scenery and props..... the list goes on and on. My mother Loves to say of me "You have a way of surrounding yourself with people who make you look good!". And yes mom, I've done it yet again!! I Love this Family!!!!
